Portfolio : <https://vishnu-portfolio-blue.vercel.app/>

PROFESSIONAL SUMMARY

Java Full Stack Developer with hands-on experience building scalable web applications using React.js, Java, Spring Boot, and PostgreSQL. Skilled in developing responsive user interfaces, RESTful APIs, database integration, and API documentation (Swagger/OpenAPI). Experienced in enterprise-level healthcare management applications involving multi-tenant architecture, dashboard development, and business process automation. Passionate about creating efficient, user-friendly applications and continuously learning emerging technologies.

TECHNICAL SKILLS

Programming Languages: Java, JavaScript, Python

Front-End: React.js, HTML5, CSS3, JavaScript (ES6+), Material UI, Tailwind CSS, Next.js, Vite

Back-End: Spring Boot, RESTful APIs, Swagger/OpenAPI Documentation

Databases: PostgreSQL, MySQL, Firebase

Tools & Platforms: Git, GitHub, Postman, Swagger UI, VS Code, IntelliJ IDEA, DBeaver

Concepts: Multi-Tenant Architecture, Database Design, API Integration, Full Stack Development

PROFESSIONAL EXPERIENCE

Full Stack Developer Intern

2025 (Duration 6 Months)

Neeyum Solutions LLP

- Developed and maintained web applications using React.js, Spring Boot, and PostgreSQL in a multi-tenant healthcare management environment.
- Built reusable UI components and responsive dashboards using React.js and Material UI, improving user experience across multiple client organizations.
- Designed and integrated RESTful APIs using Spring Boot, ensuring robust data exchange between front-end and back-end systems.
- Managed PostgreSQL databases and performed efficient data operations using DBeaver.
- Documented and tested APIs using Swagger UI/OpenAPI, enabling faster onboarding and QA cycles.
- Participated in debugging, performance optimization, and feature enhancements using Git and GitHub for version control.

Web Development Intern

2024

CodSoft

- Developed responsive web applications using HTML, CSS, and JavaScript following modern development workflows.
- Collaborated using Git for version control and code review processes.

Web Development Intern

2024

OctaNet

- Developed landing pages and frontend features with a focus on responsive design and UI best practices.

PROJECTS

Multi-Tenant Hospital Management System

Technologies: React.js, Java, Spring Boot, PostgreSQL, Material UI, Swagger UI, DBeaver

- Developed a multi-tenant healthcare management platform supporting multiple organizations with isolated data and workflows.
- Designed responsive dashboards and administrative modules using React.js and Material UI.
- Built and integrated RESTful APIs using Spring Boot; documented and tested with Swagger UI.
- Optimized PostgreSQL database queries, reducing data retrieval time and improving application performance.

- Improved maintainability through modular component architecture and reusable code practices.

Car Price Prediction Application

Technologies: Python, Firebase, Streamlit

- Built a machine learning application to predict car prices based on vehicle features using data preprocessing and model optimization.
- Developed an interactive Streamlit-based UI; integrated Firebase for backend data storage and management.

GAMEX – Gaming Community Web Application

Technologies: HTML, CSS, JavaScript, PHP, MySQL

- Developed a responsive gaming community platform with gaming news, quizzes, featured games, and user engagement modules.
- Built backend functionality using PHP and MySQL; ensured cross-device compatibility and optimized performance.

EDUCATION

M.Sc. Information Technology | SIES College of Arts, Science and Commerce 2024 – 2026
CGPA: 8.62 / 10

B.Sc. Computer Science | Mulund College of Commerce, Mumbai 2021 – 2024
CGPA: 7.78 / 10

HSC | R.K. Talreja Junior College, Ulhasnagar
Score: 88.50%

SSC | Heaven Bell Convent High School
Score: 79%

CERTIFICATIONS

- Microsoft Cyber Security Fundamentals
- Microsoft Azure Data Fundamentals
- Robotic Process Automation (RPA)
- Tableau Fundamentals
- Ruby on Rails
- Unity Programming
